

Legal Notice

The text, data, artwork, graphics and information appearing on this Web site and on any other linked Sites belonging to MULTI TECHNical Publication Services, Inc. is provided for informational purposes only, and is the exclusive property of MULTI TECHNical Publication Services, Inc. ("MULTITECH"), unless otherwise noted.

Any service marks or trademarks are the property of their respective owners.

MULTITECH retains and reserves all rights to the ownership and any commercial and/or business use of the text, data, artwork, graphics and information created by MULTITECH only which appear on this Web site.

MULTITECH makes no representations or warranties that the text, data, artwork, graphics or other information on this Web site and/or linked Web sites is accurate, complete or current. Text, data, artwork, graphics or other information on this Web site and or linked Web sites may be outdated, contain technical errors and or typographical errors. MULTITECH assumes no responsibility to update any text, data, artwork, graphics or other information contained on this Web Site or contained on any linked Web site.

Visitors to this Web site or to linked Web sites may view, print and copy any content on this Web site provided that any use by the visitor to this Web site or linked Web sites is limited to informational or non-consumer purposes only. No text, data, artwork, graphics and information appearing on this Web Site may be modified in any way, nor may this material be distributed and/or disseminated to third parties.

No visitor may delete any designation of a trademark, copyright or proprietary ownership of and/or relating to any text, data, artwork graphics or other information which is copied and/or printed, by the visitor. No text, data, artwork, graphics or other information, which is copied and/or printed may be modified, altered and/or amended. Any artwork and/or graphics copied and/or printed must include the accompanying written text to which the artwork and graphics relate.

MULTITECH maintains no control over the content of any text, data, artwork, graphics or other information appearing on any linked Web sites. Therefore, MULTITECH assumes no responsibility to monitor and/or edit any text, data, artwork, graphics or other information contained on linked Web sites.

MULTITECH monitors use of its Web site on an on-going basis for statistical and other system administrative purposes. Specific URL ("Universal Resource Locator") and IP ("Internet Protocol") information as well as the time of access may be regularly logged by MULTITECH. In addition, the identity of the visitor and the fact that the visitor has, in fact, accessed this Web site is not kept confidential and the identity of the visitor to this Web site is deemed information within the public domain.

MULTITECH reserves the right to share information as to the identity of the visitor, time of access to this Web site, URL and IP with all third parties, including but not limited to: (1). federal, state and local law enforcement agencies; (2). third party providers who assist in the creation, hosting or management of this web site; (3). companies working in concert with MULTITECH in its on-going marketing, sales or promotion efforts; and (4). MULTITECH vendors and present and prospective customers.

Any software or multimedia products downloaded by a visitor is downloaded "as is" without any WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Any references in this Web site to products, services, publications and offerings by third parties, including customers of MULTITECH, are for information purposes only and do not constitute any express or implied warranty on behalf of MULTITECH as to those products, services, publications and offerings.

MULTITECH shall not be liable for any damages, CONSEQUENTIAL, INCIDENTAL, OR OTHERWISE, for use by any visitor of any text, data, artwork, graphics or other information contained on this Web site or contained on linked Web sites or with regards to any products and services of third parties posted on this Web page or on linked Web pages.
